

Prophecy - 40 days
01/16/05

Thus says the Lord, God Almighty, He says to you, "In the first month of 2005, within 40 days, you shall see great things coming to pass. Mark it down on your calendar. They will say at last. A nation shall rise up, a nation shall be born. A nation shall rise up, you shall see it come to pass.

Within 40 days, there is coming a mighty wind, blowing across the land, it will establish a plan of His purpose. I see in the later part of March, things happening in 40 days. Don't be dismayed, don't worry; don't cry, little ones, the Lord, your God, has spoken. The Lord, God within 40 days, you will see great things start to come to pass. It will eclipse the Tsunami. Forty days, things are starting to speed up. Things are starting to happen, things are starting to evolve. Things are starting to take place, you will see it. Thus saith the Holy Ghost, in 40 days a move of God. Shaking, moving, quaking, you will see it.

Many things shall be discovered, those that lurk in the darkness, those that hide out, terrorists but name shall be called up, shall be killed, shall be stirred up, and shall be brought out says the Lord. Many of those that are hiding in the dark places, cannot escape from My eyes. I see their light and I call their time is up. Within 40 days, you shall see many, many cells captured, many things happening within 40 days. Calamities and distress among the nations and also things talking place within 40 days.

'What about me?' You say. 'What about Me, Lord? What about my life?' As I discover the evil, I bring about good in your life. Within 40 days, for you, I bring about uncommon blessings and miracles. Some of you here, you've been living in a bondage and some dark things keep drawing you back, within 40 days you will no longer walk that way."

The Lord has spoken, who can but prophesy? Shall the trumpet be blown in the city? They will come running in. He told me to prophesy, prophesy, prophesy. "Within 40 days, deliverance in your house, within in 40 days. Be not afraid of the events taking place next week, says the Holy Ghost. I'm not going to move you from anything that takes place next week. This time next week, you can look at him and say, 'God, I was not moved by the things I saw.' Some things are going to take place even in the next seven days, hours, hours of ticking down, hours of ticking down, says the Holy Ghost. But be not moved, be not moved. For your Lord, your God is mighty int he midst of thee, He will worship through you and with you. God is on the throne, He is mighty. Nothing shall move Him.

When the Lion roars, who can but help but help to prophesy? This time next week, you would have seen things already taking place and you can just say, "Lord, You are mighty! You are mighty! Almighty, You are mighty!

How can many believe that He is mighty? And God is Sovereign, and God is in control. Be not moved and be not dismayed, you'll see Him with eyes."
